FQHC – Encounter Codes

Impacted Program(s): Medicaid

Time Period: Post 4/1/2022

Details:

FQHCS are billing with GT modifier and getting denials for DENY: ENCOUNTER CODE REQUIRED AND MUST BE BILLED W/PAYABLE DETAIL LINES (GT).

Per FQHCs this is not needed on claims and is incorrect.

Configuration tickets are in place to update this logic and have been moved to testing. The completion of the system update is anticipated 1/20/2023, and then a claims project for reprocessing will be initiated.
