The matrix below contains all of the CPT 4 codes for which National Imaging Associates, Inc. (NIA) manages on behalf of MeridianHealth Michigan.

NIA issues authorizations based on the primary CPT code and its allowable billed groupings. A procedure can be billed under any **one** of the given CPT codes for that allowable billed grouping <u>as long as</u> a valid authorization number has been issued within the validity period.

*Please note: IPM services rendered in an Emergency Room, Intraoperatively, or as a Hospital Inpatient are not managed by NIA.

• Add on codes (+) do not require separate authorization and are to be used in

conjunction with approved primary code for the service rendered.

NOTE: due the repeat nature of IPM procedures, multiple authorizations may exist within the same validity period

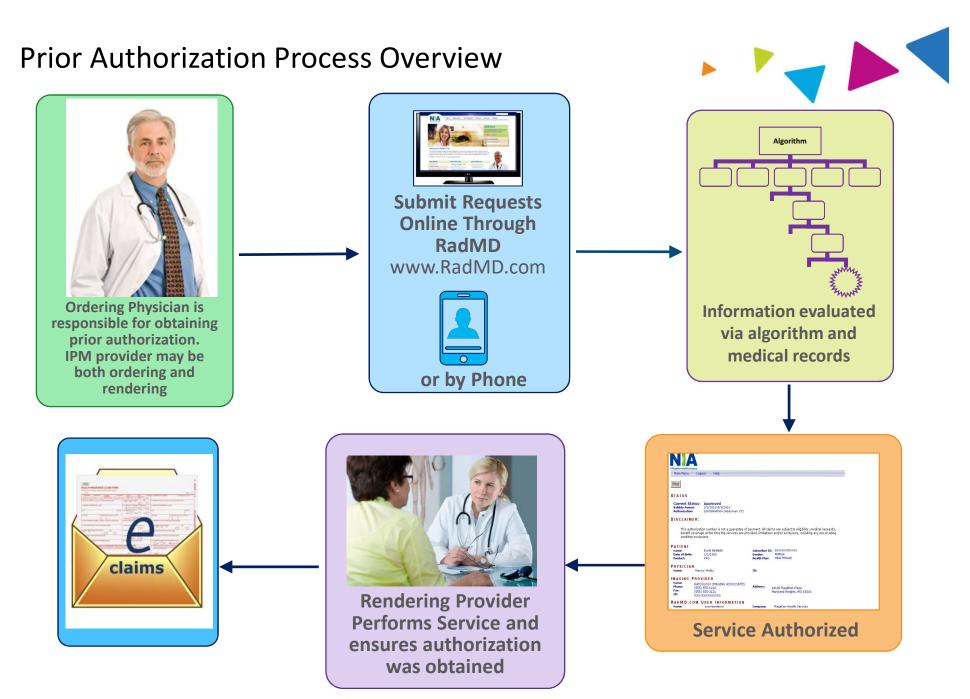

1-MeridianHealth Michigan - IPM Utilization Review Matrix 2021

- Every IPM procedure performed requires a prior authorization; NIA does not pre-approve a series of epidural injections.
- Bi-lateral IPM injections performed on the same date of service do not require a separate authorization. An authorization will cover bi-lateral as well as multiple levels on the same date of service.
- Add on codes do not require separate authorization and are to be used in conjunction with approved primary code for the service rendered.

IPM Clinical Checklist Reminders

IPM Documentation:

Conservative Treatment

Frequently, specifics of conservative treatment/non-operative treatment are not present in office notes. Details such as duration and frequency should be provided in order to ensure 6 weeks has been attempted within the past 6 months. Official physical therapy records do not need to be obtained but the provider should supply a summary of these details. Physical therapy is not the only means of conservative treatment acceptable; physician directed home exercise programs as well as chiropractic care are among other examples of appropriate treatments.

Visual Analog Scale (VAS) Score and/or Functional Disability

 A VAS score is an acceptable method to relay intensity of pain. However, a description of functional disability is also accepted as a means for measuring pain (ie - noting that the member is no longer able to perform work duties, daily care, etc).

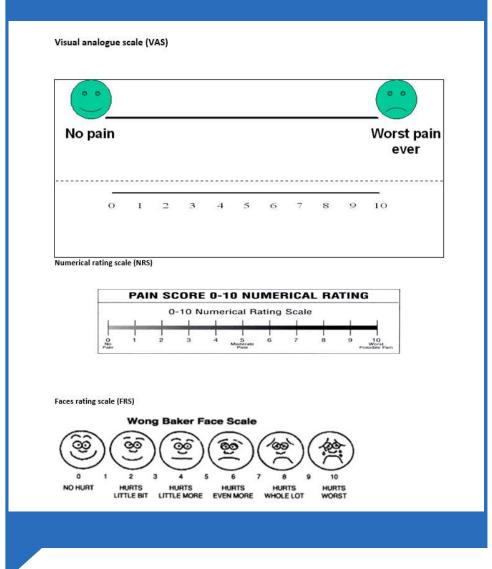

Follow Up To Prior Pain Management Procedures

For repeat treatments, follow up is required in regard to what procedure was completed, how much and for how long relief was obtained, active participation in ongoing conservative treatment, and to what level the pain has returned. A follow up office visit is not required; documentation of telephone encounters with the member are acceptable to satisfy this requirement.

- 1. Office visit note and physical exam findings related to back pain, intensity, and any neurological deficits
- 2. Office visit note indicating the date of onset of back-related pain
- 3. Supporting documentation of conservative therapy tried within the most recent 3 months
- 4. Supporting documentation on any interventional pain management procedure(s) including the date of the procedure, spinal region, and the effectiveness in reducing pain and improving functional ability

Important Note- Clinical information must be documented in Office Visit Notes or other documents, such as xray or diagnostic testing reports. Handwritten notes on cover sheets, telephone calls, or other fax pages that are not reflected in office visit notes or other objective documents will be noted as such- "handwritten note on cover sheet (telephone call, etc.) without confirmation in Office Visit note"-but will not constitute actionable information for clinical decision making.

A fax is sent to the provider detailing what clinical information that is needed, along with a Fax Coversheet.

We stress the need to provide the clinical information as quickly as possible so we can make a determination.

Determination timeframe begins after receipt of clinical information.

Failure to receive requested clinical information may result in non certification.

Registering on RadMD.com To Initiate Authorizations

Everyone in your organization is required to have their own separate user name and password due to HIPAA regulations.

STEPS:

- 1. Click the "New User" button on the right side of the home page.
- 2. Select "Physician's office that orders procedures"
- 3. Fill out the application and click the "Submit" button.
 - You must include your e-mail address in order for our Webmaster to respond to you with your NIA-approved user name and password.

NOTE: On subsequent visits to the site, click the "Sign In" button to proceed.

Offices that will be both ordering and rendering should request ordering provider access, this will allow your office to request authorizations on RadMD and see the status of those authorization requests.

(NIA) will require providers to identify an "Ordering/Treating provider" and "Rendering Facility/Clinic" when submitting a prior authorization request, for all members with Aetna through www.RadMD.com or through our Call Center (866) 842-1542.

Please review additional details on this process by visiting the Aetna webpage on RadMD.

If practice staff is unavailable for a period of time, access can be shared with other users in the practice. They will be able to view and manage the authorization requests initiated on <u>www.RadMD.com</u>, allowing them to communicate with members and facilitate treatment.

Allows Users the ability to view all approved authorizations for facility

IMPORTANT

- Everyone in your organization is required to have their own separate user name and password due to HIPAA regulations.
- Designate an "Administrator" for the facility who manages the access for the entire facility.

STEPS:

- 1. Click the "New User" button on the right side of the home page.
- 2. Select "Facility/office where procedures are performed"
- 3. Fill out the application and click the "Submit" button.
 - You must include your e-mail address in order for our Webmaster to respond to you with your NIA-approved user name and password.

NOTE: On subsequent visits to the site, click the "Sign In" button to proceed.

If you have multiple staff members entering authorizations and you want each person to be able to see all approved authorizations, they will need to register for a rendering username and password. The administrator will have the ability to approve rendering access for each employee. This will allow users to see all approved authorizations under your organization.
