

Heart Month

FEBRUARY 2022

MICHIGAN

Dear Providers,

February is heart month and a time to shine a light on heart disease and high blood pressure. Heart disease is the leading cause of death for men, women, and people of most racial and ethnic groups in the United States.

Meridian is working with other national partners as a part of the Million Hearts® initiative to prevent one million heart attacks and strokes by 2023. Controlling blood pressure can lower risk of heart attack, stroke and kidney disease. Did you know that Meridian covers automatic blood pressure cuffs through an in-network durable medical equipment provider, such as Healthy Living Medical Supply? Providers can call in a prescription at Healthy Living Medical Supply at **866-779-8512**.

If a Meridian member has questions on the coverage of medications that they have been prescribed or need help finding a pharmacy, they can contact MeridianRx at **855-355-8070** for assistance.

Sincerely,

Meridian

The Million Hearts® word and logo marks, and associated trade dress ("Marks"), are owned by the U.S. Department of Health and Human Services (HHS). Use of these marks does not imply endorsement by HHS. Use of the Marks also does not necessarily imply that the materials have been reviewed or approved by HHS.
