

Dear Provider Partners:

Effective April 1, 2022, Meridian's Medicaid provider portal will be available on a new platform. Registration for the new portal opens on March 1, 2022 and can be completed at

provider.mimeridian.com

Registering before April 1, 2022 will help us avoid delays from the start of the transition to ensure authorizations and claims are processed promptly. After April 1, 2022, authorizations will be processed through the new provider portal. Our eligibility verification requirement claims and prior authorization submission processes will be changing.

To support a smooth transition, Meridian's Provider Relations team is hosting Portal Training and Q&A Sessions through the month of March. You can attend one of these sessions with the meeting information below.
