

## EX4U Denials

MAY 2023

Michigan

Dear Provider,

Claims that are billed with a device-intensive procedure code but lacks the required device code, will deny for EX4U – “OCE92 DEVICE-INTENSIVE PROCEDURE REPORTED WITH DEVICE CODE”. Please review claims with this denial to ensure that that these codes are being billed with the correct supporting device code or applicable modifier. For additional information on billing requirements, please visit the CMS website:
